

# Qualified suppliers for DIB ball valves

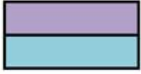

Rev.: 06.01.2017

Qualification requirements are detailed in TR2000 VSK V850.

## Notes:

- 1) Extension of qualified scope may be carried out on an actual order.  
CR for relevant frame agreement shall be notified when ordering these valves.  
CR for relevant frame agreement shall also be invited for qualification testing of
- 2) For some valves, especially of compact flanged type, the face-to-face dimensions are exceeding the ASME B16.10 dimensions.
